

Sponsor Benefits with Colorado Building Farmers

The Colorado Building Farmers program (led by Colorado State University Extension) builds farmer capacity through classroom experimental learning for beginning farmers/ranchers (farmers/ranchers with 0-10 years of experience). Classroom curricula focus on business planning and management.

CBF builds networks that help beginning farmers succeed. Over 325 have participated in programs throughout Colorado since 2007. CBF graduates go on to become leaders in their communities and strong contributors to Colorado's agricultural economy. Many have sales into local channels in their region of Colorado.

Your dollars support our mission to build capacity and community in beginning farmers in Colorado

We are pleased to promote you as a sponsor! Please include CBF sponsorship as part of your promotional plan.

Sponsorship benefits are offered as recognition on our website and on outreach materials and recognition during events, such as local programs

<http://buildingfarmers.colostate.edu>

1. **Platinum:** \$5000+ – top tier logo at largest size (approx. 1/16 page) on CBF website sponsors page and outreach materials and sponsor slides at events, link to website and one additional media/social media link near logo, free registration for 4 annually at any CBF program statewide, 4 posts to CBF Facebook page (270+ following) highlighting your organization, invitation to annual CBF update dinner
